This matter comes before the Public Service Commission of South Carolina on the request of the Electric Cooperatives of South Carolina (ECSC), an intervenor in this case, for an extension of time in which to prefile its testimony and exhibits from April 30, 2001 to May 2, 2001. Other intervenors and the Commission Staff support the request, due to the large amount of pre-filed testimony and exhibits received from the Applicant, GenPower Anderson, LLC (GenPower). GenPower does not oppose the request as long as the information from other parties is hand-delivered to it on or before May 2, 2001, and the other parties are amenable to an extension for the prefiling of rebuttal testimony and exhibits. GenPower has since requested an extension for the prefiling of rebuttal testimony and exhibits from May 7, 2001 to May 9, 2001, due to the shortened time for review of intervenor/Staff testimony resulting from the extension discussed above, if said extension is granted.

Both extensions are granted as requested. Accordingly, intervenors and/or Commission Staff should prefile testimony and exhibits in this case on or before **May 2, 2001**, and said material should be in the Commission's and GenPower's or its attorneys'

hands by the close of business on that date. Likewise, GenPower has until on or before **May 9, 2001** to prefile its rebuttal testimony and exhibits. This material must likewise be in the Commission's and the other parties' or their attorneys' hands by the close of business on that date.

In issuing this Order, there is no intent to change the date for the prefilings and service of possible surrebuttal testimony, nor is there any intent to change any matter addressed in Order No. 2001-270, and not addressed herein.

This Order shall remain in full force and effect until further Order of the Commission.
